National Assisted Living Week 2022

Established by the National Center for Assisted Living (NCAL) in 1995, National Assisted Living Week provides a unique opportunity for residents, their loved ones, staff, volunteers, and the surrounding communities to recognize the role of assisted living in caring for America's seniors and individuals with disabilities. Assisted Living Week will be held during the week of September 11-17, 2022. This year's theme "**Joyful Moments**" encourages assisted living communities around the country to host a variety of events that honor the individuals who reside, work, and volunteer in these communities while adhering to the infection control requirements and precautions in place for COVID-19. The theme this year encourages everyone to reflect on the strong connection between residents and staff, and encourages them to join with their families and local communities to celebrate and create happy memories that will be treasured for years to come! You can help celebrate National Assisted Living Week by considering the following options and activities:

Visit someone in an Assisted Living facility:

Whether it is a family member or a friend, whomever you stop by to see will sure appreciate your visit!

Take an Assisted Living facility tour :

A tour will help to familiarize yourself with all of the amazing opportunities and activities that take place in an Assisted Living facility.

Create something special for an Assisted Living resident:

Consider writing a letters or gathering a group of kids together to design art projects for an Assisted living resident. These thoughtful gifts are sure to put a smile on just about anyone's face!

In accordance with regulations, fire drills are conducted monthly at Grand Traverse Pavilions. Times of fire drills are rotated so that staff on all three shifts receive experience in procedures for reporting and management of a potential fire. Repetition in enactment of monthly drills help staff to become familiar with procedural steps so that they may respond to an actual fire in a prompt, efficient manner.

Fire Drills

The fire alarms are very loud and disruptive at a noise level regulated by the life safety code, but do serve an essential purpose in alerting residents and staff of the potential danger of a fire.

Taking your Loved One Out

When you take your loved one out for an appointment or fun filled outing staff can leave their wheel chair in the designated spot at the Front Desk. The Front Desk was designed to store a wheel chair or walker while our residents are out of the building. This helps avoid confusion with the other Lobby wheel chairs.

Wheel Chair Foot Pedals

Please be sure that the foot pedals are securely fastened anytime you are transporting a resident in a wheelchair. This is a Regulatory Requirement and it also ensures proper positioning while sitting as well as safety of your loved ones. Staff is available for assistance if needed.

NEED A RIDE?

Transportation by facility vehicles is available to residents off campus medical appointments by calling your Pavilion Social Worker or Life Enrichment Coordinator.

Transportation is available between 8:00am and 4:00pm Monday through Friday on regular business days. A twenty-four hour notice is required for scheduling purposes. Our courteous and helpful drivers are there to provide a safe and comfortable ride. If you need to schedule a ride or have additional questions, please feel free to contact Transportation during regular business hours at: (231) 932-3131.
